Please forgive me for failing to get a message for the last issue of the LHASA BULLETIN. Perhaps you know that we have moved to Oklahoma. The process of moving the possessions of an author, collector, a 30 year old kennel and the contents of a thirty-one year old household is monumental. God bless our children who simply shook their heads and loaded boxes of "mom's junk"!

We are very pleased with our new location - possessing a cozy brick home and complete kennel and office facilities. Of course we most enjoy being only four miles from Kent and his family and only 15 mile from Carmen's family. Our family would be complete here if Nancy and Jim would move to Oklahoma but I have heard that they will no doubt be staying in Greencastle for a long time having just purchased their lovely home.

It seems impossible that time can pass so quickly; however, if my calculations are correct we have less than five months until the "annual ALAC festival", namely the 1988 National Specialty. I hope everyone will plan to attend as there are so many fun activities connected with the Specialty that anyone who attends is "a winner"! Some of the highlights are the presentation of awards; the annual meeting; the region 4 futurity; the seminar; the breed standard committee report and meeting; the perpetual raffle; the Lhasa Game; visiting with old friends; making new friends and perhaps most fun of all is seeing and meeting 200 or more of the most beautiful Lhasas in the world.

Be sure to respond to the solicitations from the various committees that help to make the National Specialty the success that it is year after year; especially the trophy committee and the catalog advertising committee. Also please pledge items for the raffle and Lhasa Game.

My thanks to each and everyone of you who have participated in the activities of ALAC and helped to make it a club that has served its breed. As you know the AKC produced video of the Lhasa Apso has been available for several months. It seems to have met with general approval from the reports that I have heard. What a positive accomplishment for the Lhasa Apso and the ALAC to have been able to help the AKC produce this educational tool. A special thanks to Steve Campbell and Joan Kendall who initiated the script being written so that we were high on the AKC's list to be produced. This whole committee took their job seriously and I hope that the breed appreciates their work.

The breed standard committee is hard at work amplifying and interpreting the standard. They also are very conscientious and sincere about the commission bestowed upon them by ALAC. I hope that you will wait for their printed word before developing an opinion. To fight or debate rumors is and empty effort.

I'll see you in Colorado - America's Tibet!
ZIP + 4
Many of you may have noticed the new nine-digit zip codes on your labels. I had the U.S. Postal Service upgrade ALAC's mailing list with the new Zip+4 codes. This helps speed the mail to you faster using their new automated equipment. In addition, the USPS also corrected the addresses so that they may be used correctly with their new equipment. Some of you have sent me address corrections changing your address back to the way it was prior to the U.S. Postal Service correction. I have changed those addresses back to the way you prefer.

AWARDS CHAIRMAN
The new Awards Chairman is Barbara Wood, approved January 16, 1988. Barbara's address is on the front cover. All Awards Forms received by Angie Taylor are being forwarded by Angie to Barbara Wood.

FUTURITY JUDGE ELECTION
Ballots for the 1988 Futurity were counted by a counting committee consisting of ALAC members approved by the ALAC Board. A report appears elsewhere in this Bulletin.

LOCAL SPECIALTY CLUBS
The Local Club Liaison Chairman, Marilyn Campbell, and I have been trying to compile a listing of local clubs. A letter was sent to local clubs in October advising them of the Local Club Representative and requesting an update as to President and Secretary, but very few responses have been received. One reason may be that ALAC's listing is too old. Therefore, we have included the form in this ALAC Bulletin in hopes that it will get to the right individuals and be completed and returned as soon as possible.
ALAC HANDBOOK
The ALAC Board of Directors has approved the publication of a "Handbook" to be sent to ALAC Members. This will be in the same format as the Bulletin and will contain the roster, ALAC forms and other pertinent information about ALAC and its committees. You should be receiving this shortly.

The ALAC Board of Directors approved the following Motions November 4, 1987.

MOTION 87-37 re Ballot Counting
"That ballots for 1989 and later Futurity Judges and the National Specialty Judge Final Ballot of 10 be sent out in advance (but no later than the Annual Election Ballot) so that they may be counted by a Teller's Committee selected by the ALAC Board during the ALAC National Specialty."

MOTION 87-38 re Local Specialty Club Award
That an award be established for the local specialty club having the most members present at a national specialty. This would not include the Host Club. The award would be determined by counting individuals signing in the guest book at the Hospitality Room indicating their club affiliation by NOON the day of the Awards Banquet.

ASSISTANT TO THE SECRETARY
Sally Silva was appointed in October 1987 to be the Secretary's Assistant. This position was approved by the ALAC Board in August 1984.

MEMBER DUES
For future reference, membership dues should be sent to the treasurer NOT to the Membership Chairman or the Secretary.

Sondra Rogers
Secretary
NOTES FROM THE EDITOR:

Here we are again, another season, another issue. By the time you get this Westminster will be over along with the ALAC board meeting. I am sorry that I won't be able to attend this one, but I am looking forward to seeing all of you in Denver, at the National Specialty, Annual Meeting, Board Meeting, etc., etc., etc. What a week it is going to be - including four all-breed shows. See the schedule on page 8 of this issue.

As Yearbook Chairman, I am planning to have the 1984 Yearbook available at the Specialty. The ad solicitation is going out next week. Please be sure to fill out the questionnaire on page 17 to let us know what kind of Yearbook you want in the future.

Also in this issue is the nomination form for 1989 Futurity Judges. Please don't forget to send that in with the necessary signatures.

The RAFFLE described on page 9 is a great deal for anyone planning to attend the Specialty. Hurry and buy your tickets now, before its too late!

Again, I must plead with you all to advertise. Your Bulletin is now on schedule and has been for quite a while now. I get a lot of positive mail about the improvement in the Bulletin over the last 2 years. But, there simply is not enough advertising to support the Bulletin at this time. If advertising does not improve, there will have to be a cut-back in the number of pages in the Bulletin, and of course that means less information will go out to the members. It is up to you.

The roster is usually in the Winter issue, but we are trying something different. Sondra Rogers, ALAC Secretary, and I are putting together a handbook that will include all ALAC forms, general information, and the current roster. It will be out very soon. Watch for it and hang on to it. It should be very useful over the coming year.

A NEW VIRAL DISEASE IN DOGS

Report by Barbara Schwartz
from Collie Club of America

Over the last year several cases of dogs dying with unusual symptoms have been reported. A breeder in Arizona lost many dogs to this disease during the winter. Similar experiences have been reported during the subsequent months. This is an insidious disease because the dogs do not seem to be seriously ill until they die. Death is swift and often unexpected. Prompt medical attention at the first sign of symptoms is essential to save the animal. Even with this, the treatment is not always successful.

The symptoms are:
A. A SLIGHT COUGH - (not a canine-cough sound, but more like a throat-clearing sound.) This symptom is often missed because the person observing the animal does not heed it. It is usually noted in retrospect, or when multiple animals have come down with the disease and observers are more attentive. At this time, the dog is still active, usually eating and playing.
B. WRETCHING SLIGHTLY, THROWING UP FLUIDS - (almost as if the animal has eaten grass or had too much water too quickly.) This may not progress to vomiting. Some dogs have died before ever really vomiting. This symptom has been reported by all whose dogs have had the disease.
C. SLIGHTLY OFF FEED - This progresses to not eating at all. Since this disease is often found in hot weather, most owners are not overly concerned if the animal is off its feed. All have reported this symptom.
D. LETHARGY - The dog does not feel well, stops playing and would rather be left alone. This too has often been attributed to the heat.
E. INFLAMATION AND RUNNING OF THE EYE.
F. TEMPERATURE OF 103 OR MORE - Many owners are surprised at the temperature because the dogs had not appeared that sick.
G. MUCUS STOOL WITH A SPOT OF BLOOD - This progresses to bloody diarrhea, but dogs have died before reaching this stage.
H. DEATH - Usually occurs within 36 hours after onset of symptoms.

There have been several instances of death in which the dogs never showed any blood in the stool and died before any diarrhea or true vomiting (beyond the wretching of water stage) occurred. This has been especially true of Collies and Shetland Sheepdogs.

Upon postmortem examination, dogs that have died from this disease have been found to have totally eroded intestinal tracks with blood found throughout the digestive systems. The disease resembles Parvo-Virus, Coronavirus and Salmonellosis in its attack. Generally veterinarians have incorrectly called it Parvo-virus or a Parvo-like virus. Dogs that have been immunized for Parvo-virus and have high titers have come down with this disease. It does not have the characteristic smell and symptoms of Coronavirus.

Like most diseases, puppies, dogs under stress and older animals are the most susceptible. The disease seems to be airborne and appears to proliferate in warm weather. Isolation and disinfection are important.

If your dogs comes down with this disease, it must be treated promptly by a veterinarian. I.V. fluids and Gentocin injections for a minimum of 3-5 days seem to be the treatment of choice if the dog is to survive the onset of symptoms. Many do not live even with prompt treatment.

If your dog comes down with the disease or succumbs to it, please have your veterinarian contact: Dr. Leland Carmichael, Baker Institute for Diseases of Dogs, Cornell University, Ithaca, NY 14853. (607) 277-3044.

The National Specialty Trophy Committee was formed at the ALAC Board Meeting of February 1986. The Committee currently consists of three members, Don Hanson (WA), Bobbi Wood (NJ), and Jeanne Hope (MD). The Committee was formed to provide assistance to regional clubs which host a National Specialty. In addition, the Committee will work closely with the National Specialty Coordinating Committee.

There are three primary functions for this committee. The first is that of assisting the regional clubs in the planning for their trophy needs. The Committee is planning to assemble a handbook which will be available to each host club at the time the ALAC Board authorizes their "bid" for a National. All the details of planning will be outlined in such a handbook. The second function focuses on establishment of identity and uniformity of the trophies which are awarded at the National Specialty. The Committee has selected, with the Board's approval, Wilton Armetale Pewter which was used at this year's specialty. Since there will be added flexibility and continuity to the trophies selected from year to year, the pewter pieces selected will be crested with the ALAC Logo and/or engraved. The third function, and one of significant importance, will be that of fundraising for the Trophy Fund. The Board has stated that the cost of the trophies ordered for a given Specialty shall not exceed the amount of money raised. As such the monies raised by February 1 preceding a National Specialty shall dictate the number and types of trophies to be ordered. Everyone who has donated to this fund by this date will be acknowledged in the National Specialty Catalog. It is noted that commercial backing for the Trophy Fund will also be actively pursued in order to subsidize this effort.

It is only with a contribution from each and every ALAC member that this can be accomplished. WE ASK THAT YOU NOT DELAY; PLEASE GET YOUR CONTRIBUTIONS IN THE MAIL TODAY!!! Send your Trophy Fund donations to:

DETACH AND MAIL TODAY!
ALAC has published four yearbooks up to this time. Two of them (1976 and 1977) were soft bound, one of them (1978 through 1981) was hard bound, and the last one (1982-1983) was a three-ring, looseleaf style. The 1984 Yearbook is being worked on now, and is an addition to the 82-83 looseleaf. It should be available at the Specialty in Denver. The Yearbook Committee is also working on plans for the 1985, 1986 & 1987 books.

The soft bound was very popular and the cost for ads and for sale of the book was reasonable. The hardbound was beautiful, but very expensive, both to the advertisers and to purchasers of the book. The looseleaf was reasonably priced for advertising and sale. Some members have expressed a desire to go back to the softbound version. Other members have raved about the convenience of the notebook style. This is an opportunity for all members to voice their opinions. The results of this questionnaire will be tallied and sent to the Board. The Board will then decide what form will be used for the next Yearbooks. Please fill this out and return it to me by March 31, 1988.

Which style would you prefer (Please check one):

- Looseleaf

The cutoff date for eligibility for the 1988 futurities was December 1, 1987. Any litter born December 2, 1987 or thereafter, is eligible only for the 1989 futurities. Eligibility is determined by the date the litter is whelped. I regret that there has been some confusion in this regard. The 1989 cutoff will be established as soon as the date of the earliest 1989 futurity is determined.

The new futurity nomination form is now in use. It was included in the last bulletin and should be included with each bulletin you receive. Please fill out BOTH halves and include a self-addressed, stamped envelope according to the instructions.

I have been acknowledging nominations received without envelopes or using the old forms. Beginning May 1, 1988, any nomination received on the old form, without the envelope, or with only one half of the new form, will not be acknowledged until April, 1989. Your nomination will be accepted, but you will not receive your acknowledgement or number until April, 1989.

If you have any questions, need information or help, or wish to volunteer to help with the futurities, please write or give me a call.

Regards,
