NEW CHAMPION !!!!!

CH. Solitude’s A Bark In the Dark

Ch. Mokiema’s Ostentatious x Tara Huff Jessica MyJoi

Bisquit, shown taking a MAJOR under Roger Hardinger, finished in style with 4 majors. She is the 5th Champion for her sire Austin, making him ROM eligible and second for her dam Jessica.

Watch for Jess’s kids, Solitude Tara Huff Tazmania and Solitude’s Unique (major pointed) this summer. Jess’s final breeding is in the planning stage. She will be bred to Ch. Tiblaterr’s Threads the Bear.

Hello ALAC Members,

The Judges ballot is in this issue of the Bulletin. Please be sure to fill out the form and mail to Steve Campbell. Note his new address on the form. If you wish to email your ballot, be sure to include your name and home address in your email.

Be sure, if you have an email address and received the last correspondence from the ALAC by snail mail, to contact Debbie Greene at mbatexas@aol.com. Already we know of at least 1/3 of our members have email addresses. The more email addresses we have the more money we save on our off month mailings.

Hopefully you will receive your Bulletin before you leave for the National. Everything appears to be in place and ready to go.

See you soon,
Susan S. Giles

From the Secretary
Debbie Greene

Breed Rescue
Mary Schroeder

Breed Standard
Look for the Illustrated Guide to the Standard which will be mailed not long after the National for approval by the membership.
Susan Giles

Breed Referral
If members do not wish to be included on the referral list, it is their responsibility to contact me directly by phone or e-mail. Also, feel free to call or write me to let me know when you have puppies for sale. If I can steer folks your way, I will do so.

Phone calls are averaging about 30 a month. Meanwhile, emails have continued to escalate, running about 75 per month. Many of these contacts involve multiple messages and responses so my mailbox is very busy.

E-mail contacts for January and February

**Yearbook Sales/Promotions**

Dot Primm

Official Standard of the Lhasa Apso

Character: Gay and assertive, but chary of strangers.
Size: Variable, but about 10 or 11 inches at shoulder for dogs, bitches slightly smaller.
Color: All colors equally acceptable with or without dark tips to ears and beard.
Body Shape: The length from point of shoulders to point of buttocks longer than height at withers, well-ribbed up, strong loin, well-developed quarters and thighs.
Coat: Heavy, straight, hard, not woolly or silky, of good length, and very dense.
Mouth and Muzzle: The preferred bite is either level or slightly undershot. Muzzle of medium length; a square muzzle is objectionable.
Head: Heavy head furnishings with good fall over eyes, good whiskers and beard, skull narrow, falling away behind eyes in a marked degree, not quite flat, but not domed or apple-shaped; straight foreface of fair length. Nose black, the length from tip of nose to eye to be roughly about one-third of the total length from nose to back of skull.
Eyes: Dark brown, neither very large and full, nor very small and sunk.
Ears: Pendant, heavily feathered.
Legs: Forelegs straight; both forelegs and hind legs heavily furnished with hair.
Feet: Well-feathered; should be round and catlike, with good pads.
Tail Carriage: Well-feathered, should be carried well over back in a screw; there may be a kink at the end. A low carriage of stern is a serious fault.
Approved July 11, 1978

To ALAC members and friends:

A breakthrough in research on the cause of hereditary kidney disease (KD) in Lhasa Apsos and Shih Tzu was recently announced by VetGen and the Shih Tzu Club of America.

VetGen has announced the identification of one of two DNA markers for KD. It's like a door with two keys, a deadbolt and a second lock. You need both keys or you can't get in. The first marker has been located and identified. It will take approximately two years to identify the second.

VetGen has conducting research to find the DNA markers for KD, funded to date by Gilbert Kahn, a benefactor for the Shih Tzu club of America, and VetGen themselves.

Two years' work remain to locate the second marker. Mr. Kahn has donated $65,000, the cost of one full-time researcher for the effort. VetGen has provided a second. That leaves the second year's work to be financed. The Shih Tzu Club of America has donated $5,000, and is raising money hand over fist to help raise the $65,000 needed to finish the research for the year 2000.

THE RESULT WILL BE A SIMPLE CHEEK SWAB DNA TEST THAT WOULD IDENTIFY DOGS AFFLICTED WITH KD AND, MORE IMPORTANTLY, GENETIC CARRIERS OF THE DISEASE.

ALAC must participate if we are to benefit. We also must support this effort if we are to hold our heads high in support of our breed.

ALAC has formed a foundation to accept tax-deductible donations for KD and other health, education and genetics issues in the breed. We have set a goal to raise at least $15,000 by the end of the year for the foundation. the ALAC Board recently donated $2,000 to the foundation.

We invite you to share our dream to develop this simple test to identify KD. All donations, made to the ALAC HEG Foundation, are tax-deductible. Contribution reports will be made regularly in the Bulletin and a complete list published annually.

BENEFACTORS:
While we know of no benefactors who could donate $65,000 for the love of our breed, we seek leaders in the breed who will donate $1,000 or more.

PATRONS:
A donation of $500 will designate you a patron of the breed.

BREEDER HONOR ROLL:
We ask each Breeder of Merit to join the Breeder Honor Roll with a contribution of $100 — that's just $10 for each of your ten qualifying champions. Groups may sponsor a breeder who has passed away. Sponsors will be credited.

MEMORIAL HONOR ROLL:
Memorial donations of $25 each to honor a Lhasa Apso that has passed away. The dog does not have to be your own.

DIME-A-DAY
We ask each individual member to donate $36.50 — just a dime a day for a year — to further breed health. Surely, this is the least we can do. That's less than two entry fees, and the benefit surpasses any show.

We will have other fundraising efforts underway, but direct cash donations are the quickest and carry the least overhead.

You will receive a receipt for your tax-deductible donation and your name will be published with regular reports. If you have questions, suggestions, or would like to help with the fundraising, please contact me or Lynn Jamison.

Lynn will be at the National doing Canine Good Citizen certifications. Proceeds go to the foundation.

Contributions can be sent to: Please mark your checks “ALAC Trust Fund”

The AKC Parent Club DNA Program and collection of samples at the ALAC national in Frederick, Maryland.

Dr. James W Edwards, Ph. D., Director or DNA Operations & Educational Services will be collecting samples, all day on Friday, June 25, 1999. On a first come, first served basis beginning at 8:00 AM and continuing until 5:00 PM (or maximum 100-150 is reached).

This is a voluntary program, completely paid for by the AKC, deals only with identification and parentage verification, and the genotypes will become a part of the DNA Parent Breed Club Program Database at the AKC. This will help them guarantee that the genetic markers used for identification and parentage verification are appropriate for all AKC breeds.

If you would like to participate in this Program, please fill out the form on page 20 with the following information:

- Your name
- Your address (street, city, state, zip)
- Daytime phone number
- AKC Registration number, sex, Registered name and call name for each dog whose DNA is sampled
- An indication whether or not a certificate should be printed for each dog (see below)
- Your signature

A ‘Certificate of DNA Analysis’ is available for each dog tested for a fee of $10 per certificate. The certificate has the dog’s registered name, DNA Profile Number, and a representation of the DNA test results. If you would like to receive a certificate, please indicate with a Yes in the designated column, sign your name and note the total amount of your check.

For all dogs individually registered with the AKC at the time of sample collection, DNA Profile Numbers will be listed on AKC Registration Certificates and Pedigrees issued in the future.

As stated before, participation in AKC’s DNA Parent Breed Club Program is voluntarily. And unless you want a certificate of DNA is totally free.

We do need one person, or two to three people sharing the day, to work with Dr. Edwards to assist with paperwork. If you are willing to help please either call Susan Giles, 804-270-7401 ssgiles@aol.com or Lynn Jamison, 816-332-9412 lynnjamison@msn.com

see page 20 for the form or print out from www.lhasaapso.org ‘DNA form’
