

Salutes their "Heart" dogs

***BIS, MBISS CH. Anbara Rimar Mary Puppins, CGC
1981 - 1997***

"Puppins" was truly a special dog. She loved the show ring came alive at the sound of applause. I will never forget the day she won the National at 11.5 years of age from the Veterans class. The cheers were deafening as she flew around the ring, loving every moment. My constant companion, my bed dog, my love...forever in my heart!

***MBISS, MHIT CH. Anbara Alasara SmartAleck,
CDX, RE, ARCHEX, CDX-H, VC, CGC
1998 - 2009***

"Aleck" was a dream come true. He loved the show ring and his handler, Debbie Burke who guided him to win BIS at the National in 2001. He came home to start his Obedience and Rally career, coming back to the National in 2006 and 2008 to go High in Trial and make Lhasa history. We did everything together, my constant companion, my bed dog, my heart broke the day you left. In my heart forever!
